Problem – Solution Fit Template:

The Problem-Solution Fit simply means that you have found a problem with your customer and that the solution you have realized for it actually solves the customer's problem. It helps entrepreneurs, marketers and corporate innovators identify behavioral patterns and recognize what would work and why

Purpose:

- ☐ Solve complex problems in a way that fits the state of your customers.
- ☐ Succeed faster and increase your solution adoption by tapping into existing mediums and channels of behavior.
- ☐ Sharpen your communication and marketing strategy with the right triggers and messaging.
- ☐ Increase touch-points with your company by finding the right problem-behavior fit and building trust by solving frequent annoyances, or urgent or costly problems.
- ☐ **Understand the existing situation in order to improve it for your target group.**

Template:

1. CUSTOMER SEGMENT(S) Who is your customer? i.e. existing periods of 5/10 y a time. CS	6. CUSTOMER CONSTRAINTS What constraints prevent your customers from solving either or both their problems of solution? i.e. spending money, budget, no-time, network connection, available devices. CC	5. AVAILABLE SOLUTIONS Which solutions are available to the customers when they face the problems or need to get the job done? What have they tried in the past? What price & scale do these solutions have? i.e. per and paper is an alternative to digital marketing. AS
2. JOBS-TO-BE-DONE / PROBLEMS Which jobs-to-be-done (or problems) do you address for your customers? There could be more than one, explore different sides. JBP	9. PROBLEM ROOT CAUSE What is the real reason that this problem exists? What is the back story behind the need to do this job? i.e. customers have to do it because of the change in regulations. RC	7. BEHAVIOUR What does your customer do to address the problem and get the job done? i.e. already related: find the right price point, install, calculate usage and benefits, indirectly associated: customers spend time time on volunteering work, i.e. volunteering. BE
3. TRIGGERS What triggers customers to act? i.e. seeing their neighbours installing solar panels, reading about a more efficient solution in the news. TR	10. YOUR SOLUTION If you are working on an existing business, write down your current solution (link, Ad in the channel, and check how much it is really). If you are working on a new business proposition, then keep it brief until you are in the market and come up with a solution that the entire customer (business, service a problem and creates customer behaviour. SL	8. CHANNELS OF BEHAVIOUR 8.1 OFFLINE What kind of actions do customers take online? Submit online otherwise from 8? 8.2 OFFLINE What kind of actions do customers take offline? Submit offline otherwise from 8? CH
